

Residential Plan Review Procedure for One and Two Family Additions and New Construction

1. Submit two (2) sets of plans with the locations of fire and carbon monoxide detectors clearly marked along with a \$50.00 plan review fee (check payable to "Town of Natick") and a completed plan review application.
2. Fire Alarm Installer must obtain permit from Natick Fire Department prior to installation.
3. During the rough wiring phase, call Fire Prevention at 508-647-9556 for a preliminary inspection.
4. When the installation is complete, call to arrange for a final inspection. Someone familiar with the system **must** be present to perform the test at the time of the inspection.
5. If you have any questions, call Fire Prevention at 508-647-9556 or email at "fireprevention@natickma.org"
